Application for Certificate in Art Journalism & Writing 101

To whom it may concern,

Contemporary art is and will be my greatest passion. I would like to enhance my skills in art journalism and writing to better document, express and share my love for it with others.

I hope that with the guidance and mentorship of the class, I will serve as a better advocate and ambassador of the contemporary arts to dispel the any confusion and misunderstandings the public has about it.

Sincerely,

Chia Yen
